INTRODUCTION

The Corporation of the Township of McGarry is located on the border with the Province of Quebec, 50 Kilometers East of the Town of Kirkland Lake, on Trans- Canada Highway 66. It is 8,850 hectares in area, which includes the villages of Virginiatown, North Virginiatown and Kearns. The Township is a bilingual Community with a current population of 609.

The Township has a rich mining history, which dates back to the early 1900s and was home to the Kerr-Addison mine which produced in excess of 10 million ounces of gold. This community has a significant potential for sustainable development due to the natural beauty of the area and the abundant supply of lakes.

The Municipality completed a Strategic plan in 2005 and in 2013 till 2017. The need to replace the current plan is a priority for Council. The realignment of the Trans- Canada Highway 66 will be affecting the Municipality in many ways. Therefore, Council is looking for assistance with the preparation of a new Strategic Plan, which will guide the Municipality, its residents, staff and Council into the future.
